Horse Coloring Book

cicara

WildRose

by members of
clubponypals.com

Introduction

Since prehistory, humans have admired horses and ponies of all kinds. Thousands of generations of young people have seen a horse or pony -- and wanted to see more.

Today, when computers are more common than carriages, horses and ponies still exert their special appeal. Our book celebrates that durable bond.

ClubPonyPals.com's horse and pony ABC coloring book began as a simple list of pony breeds that members knew or wanted. Working together, members from around the world then made original drawings for each breed. The best art has been used to create this ebook.

Club Pony Pals

- lets every kid own, care for and ride the pony they always wanted - online
- is based on the best-selling Pony Pals books. Anyone who has read Jeanne Betancourt's book series knows that Wiggins is a safe, small town where three best friends named Pam, Anna and Lulu ride ponies together. These girls call their riding club the 'Pony Pals'
- members can choose their new pony's color and name, buy a second and third pony from Olson's horse farm, then take it on virtual rides along Wiggins' roads and trails

Club Pony Pals' COPPA compliant site operates on Pony Pals rules. In Ms. Betancourt's Pony Pals books, girls enjoy the same things their horses do, like solving problems, having adventures and taking care of each other.

In Club Pony Pals, like the real world, ponies are not ATV's. Riding a pony means a rider has to keep track of when they or their pony are hungry or tired.

Ponies teach their riders to have healthy boundaries, to accept responsibility with self-confidence and to believe in themselves. Good riders know they can handle whatever comes their way.

Just like in the Pony Pals books and the real world, this site's players will win with care and affection for their ponies, and by trying adventures with a feeling of "I can do this."
